

HOD's Message:

The Department of Mining Engg. of Swami Vivekananda School of Engg. under the administrative umbrella of Swami Vivekananda Group of Institutions strives to provide ample opportunities for enrichment of knowledge, skill, concept and attitude to the budding technocrats since the date of its inception in 2014. The Department offers 24X7 unceasing commitment for continual development of students and staff, with special attention for hundred percent placements of students. Special care has been taken for imparting VT after every semester exam.including Technical Seminars/ Webinars, Workshops, preparatory classes, Group Discussions and various other co curricular activities during their three years Diploma course.
